Pro® Photo
Photographic Masking Tape

Pro® Photo tape is a paper photographic masking tape. Pro® Photo tape is engineered for quality photographic reproduction work, such as cropping and edging negatives; positioning negatives for contact printing; sealing camera bellows and film holders against light leaks.

Colors: Black

Technical Specs
- Backing: Impregnated Paper
- Adhesive: Synthetic Rubber
- Total Thickness: 6.1 mils
- Elongation: 7%
- Tensile Strength: 21 lbs per inch
- Adhesion to steel: 50 oz. per inch

Pro® Ultimate Masking Tape
Water Color Masking Tape

Pro® Ultimate Masking Tape is a 3.6 mil thick premium masking tape. Pro® Ultimate Masking Tape can be used for frisket masking and is perfect for masking areas of art, scrapbooking projects or any delicate surface. Pro® Ultimate Masking Tape is excellent for water color masking and great for painting clean hard lines.

Colors: Yellow

Technical Specs
- Backing: Smooth Paper
- Adhesive: Acrylic
- Total Thickness: 3.6 mils
- Temperature Range: 180°F for 30 min.
- Tensile Strength: 23 lbs. per inch
- Elongation: 4.5%
- Adhesion to steel: 14 oz. per inch

Pro® Scenic Blue Mask
14 Day Easy Release Masking Tape

Pro® Scenic 714 Blue Mask is a 14-day painter's tape. Pro® Scenic 714 Blue Mask should be used wherever masking will be exposed to outdoor conditions and interior masking of windows (where adhesive will be directly exposed to sunlight). Pro® Scenic 714 Blue Mask is compatible for use on lacquer or polyurethane - coated surfaces, unfinished wood, wallpaper, and new, unpainted, or freshly painted wallboard.

Colors: Blue

Specifications: ASTM D6123 / D6123M-97 (2012) Type 1

Technical Specs
- Backing: Fine Structured Crepe Paper
- Adhesive: Synthetic Rubber
- Total Thickness: 5.7 mils
- Tensile Strength: 32 lbs. per inch
- Adhesion to steel: 26 oz. per inch
- Temperature Range: 50°F to 200°F
- Elongation: 3%

Pro® 4000
Paper Protection Tape

Pro® 4000 is a medium tack paper application tape for vinyl graphics used in sign making and surface protection. The product consists of self-wound, standard grade saturated backing coated with a specially formulated latex pressure sensitive adhesive. Pro® 4000 is typically used for medium and large plotter and die-cut graphics. Pro® 4000 works well with pre-spaced lettering 2-12", small one piece decals and mid-sized line striping.

Technical Specs
- Backing: White Translucent Latex Saturated Paper
- Adhesive: Water Based Natural Latex
- Total Thickness: 4.0 mils
- Elongation: 3%
- Adhesion to steel: 11.15 oz. per inch
**Pro® 185**  
*Flatback Paper Tape*

Pro® 185 is a high-grade flatback paper tape designed to offer a positive seal and excellent adhesion to minimize carton sealing failures and prevent pilferage. Pro® 185 has an aggressive synthetic rubber based adhesive. Pro® 185 can be used for carton sealing, packaging, silk screening, picture framing, splicing, and tabbing.

**Colors:** Brown

Shurtape® P68
Poly Coated Cloth Tape

Shurtape® P68 is a premium grade vinyl coated cloth tape. Some common applications for Shurtape® P68 include book binding and color coding.

Colors: Black, White
Specifications: CID A-A-1586A; PM-85 Tested; ANSI 45.2.2

Technical Specs
- Backing: Vinyl Coated Cloth
- Adhesive: Synthetic Rubber
- Total Thickness: 13.5 mils
- Tensile Strength: 60 lbs. per inch
- Adhesion to steel: 57 oz. per inch

Made in the USA

Shurtape® J-Lar Library

Shurtape® J-Lar Library is a hand tearable polypropylene clear-to-the-core tape. Shurtape® J-Lar Library is often used for over-lamination, label protection, light carton closure, paper repair or mending and holding applications. Shurtape® J-Lar Library is ideal for use with counter and desk dispenser units.

Colors: Clear-to-the-core
Specifications: CID A-A-1586A; PM-85 Tested; ANSI 45.2.2

Technical Specs
- Backing: Biaxially Oriented Polypropylene Film
- Adhesive: Solvent Based Acrylic
- Total Thickness: 2.6 mils
- Tensile Strength: 24 lbs. per inch
- Adhesion to steel: 30 oz. per inch

Made in the USA

Pro® J-LAR II
Clear Book Repair Tape

Pro® J-LAR II is an optically clear polypropylene film coated with a non-yellowing acrylic adhesive. Pro® J-LAR II is specifically designed for laminating and book repairs where clarity and strength are extremely important. It’s also an industrial strength, brilliantly clear film tape developed for use in carton and package sealing, overlays and laminating and label protection.

Colors: Clear-to-the-core
Specifications: CID A-A-1684C

Technical Specs
- Backing: Biaxially Oriented Polypropylene Film
- Adhesive: Solvent Based Acrylic
- Total Thickness: 3.5 mils
- Tensile Strength: 40 lbs. per inch
- Elongation: 140%
- Adhesion to steel: 30 oz. per inch

Pro® Fillet Tape
*PH Neutral Tape*

Pro® Fillet tape is a double coated tape with an acrylic solvent based adhesive designed for attaching the fillet or slip to the picture mount in the framing industry. Pro® Fillet tape can also be used for mounting decorative trims and for permanent bonding to most substrates, such as metal, wood, glass, cement, PVC and other plastics. Pro® Fillet tape is also commonly used for fastening of nameplates to trophies, luggage tags and signs.

Pro® Safe Mount
*Low Tack/High Tack*

Pro® Safe Mount is a double coated tape with an aggressive adhesive on one side and a clean removable adhesive on the other. Pro® Safe Mount for convenience is like “two tapes in one” and can be used for numerous everyday applications such as mounting decorations, posters, and children's artwork. Pro® Safe Mount is a multi-purpose tape that adheres to a variety of materials such as wood, vinyl, tile and drywall.

Made in the USA
Pro® 155
2 Mil Adhesive Transfer Tape

Pro® 155 2 mil adhesive transfer tape is on a 3” I.D. core. Pro® 155 is an excellent adhesive for flying splices on paper, films, and foil. This product can be used for laminating, mounting and nameplate applications. Ideal for high processing temperatures. Ideally suited for use in printer’s dry tunnels. Performance proven dependability promotes production line efficiencies in paper and film industries.

**Benefits:**
- Thickness helps adhesion to irregular surfaces.
- Acrylic foam combines a high level of internal strength.
- Modified acrylic adhesive bonds well to metals, glass, painted surfaces and medium/low surface energy plastics.

**Common Applications:**
- Bonding, Vibration Dampening, Splicing, Permanent Fastener

**Features:**
- Bond Builds Over Time, Good Adhesion, Low Temperature Application, Short Term - High Temperature Resistance, Permanent Bond, Outdoor Use, Highly Conformable

Pro® 919
Polypropylene Carton Sealing

Pro® 919 is a heavy duty polypropylene film coated with a high tack adhesive designed for automatic packaging and carton sealing equipment lines. Pro® 919 is specifically designed for heavy duty carton sealing applications. Pro® 919 is designed for smooth easy dispensing either manually or automatically.

Colors: Clear, Tan

Specifications: Tan meets US military specification: PPP-T-60E Type III, Class 1. Clear is considered water resistant as per ASTM D5570 and also complies with the Federal Food, Drug and Cosmetic Act, CFR Title 21, Subpart B, Par. 175.105 (covers the use of pressure sensitive adhesives and tapes for 'indirect contact’ food packaging, such as box sealing). CID A-A-1684B and ASTM D5486 Type III.

UGlu®

The Strength of Adhesive, The Convenience of Tape!

Instant Grip, Powerful Bond, No Mess Ever! A unique and innovative form of liquid adhesive that is both waterproof and weatherproof. This adhesive is in a convenient tape-like format and bonds to a wide variety of surfaces, including rough or uneven surfaces.

UGlu® features 20mil rubber based mounting adhesive offered in a wide variety of convenience size options including strips, patches, dashes and rolls. UGlu® is often used in the arts & crafts industry for mounting, bonding, securing and temporary holding.

Bonds to: fiberglass, metal, cement, brick, sealed wood, plastics, carpet, canvas, leather, foam, glass and ceramic. Can be cut to size and cleanly removed.

Pro Glow®

Pro Glow® has a non-radioactive chemical light source incorporated into a flexible vinyl film that glows in total darkness after exposure to artificial or natural light. The photoluminescent film light source is designed to absorb energy from any nearby ambient light such as fluorescent lamps or sunlight. Once the source of extraneous light is removed, Pro Glow® film immediately emits a light of its own. There is no limit to the number of times this product can be recharged. When fully charged, Pro Glow® provides positive luminance for up to 10 hours. Pro Glow® is designed for indoor safety and egress marking tapes and signage.

Colors: Glow

Why Partner with Pro Tapes®?

1. SHORTER LEAD TIMES AND LOWER MOQs
   We carry the largest pressure sensitive adhesive (PSA) inventory in the marketplace, which translates to shorter lead times and lower minimum order quantities.

2. WE’VE INVESTED TO BE CUTTING EDGE
   We’ve made substantial investments in fully-automated technology to be a leader in the converting and packaging of pressure sensitive adhesives.

PACKAGING & FINISHING SOLUTIONS EXPERTS
   Private label branding
   Clear & printed sleeve wrapping
   Open & closed core shrink wrapping
   Bulk pack with silicone sheets
   Poly & zip lock bagging
   Sleeve, single tower & accordion style wrapping
   Blister & clamshell display packs
   In-house design & support
   Custom designs: core, boxes, sleeves, shrink wrap, roll label
   GS1 Registered UPC barcoding available
   Printed open core shrink wrap

CUSTOM PACKAGING CONFIGURATIONS AVAILABLE

3. YOUR GLOBAL SOLUTIONS PROVIDER
   We have a solution for all your tape needs, such as advanced converting services, new product development, custom die-cutting, product finishing or packaging configurations and procurement or inventory management.

4. TECHNICAL SUPPORT FROM EXPERIENCED STAFF
   Our product specialists are the most knowledgeable in the industry and can assist in application support and strategize on how to improve product quality and performance.

5. HELD TO THE HIGHEST STANDARDS
   We follow all industry best practices and are certified in ISO 9001 Standards, FDA Registered, GS1 Registered, IMDS Registered and EDI Compliant.

WE SPECIALIZE IN RETAIL

- Closed Core Shrink Wrap with Roll Label
- Polybag with Hang Tab
- Open Core Shrink Wrap with Halfmoon Roll Label & UPC Barcode
- Clamshell Packaging with Hang Tab & UPC Barcode
- Envelope Packaging with Hang Tab and UPC Barcode
- Accordion Style Wrapping
Our Graphic Arts line carries a wide variety of tapes appealing to the Arts & Crafts, Framing and School & Library Supply industries.

**Arts & Crafts**

Our Arts & Crafts product line offers a comprehensive selection of premium adhesive tapes for utility & decorative purposes. Our arts & crafts tapes, such as double sided decorative mylar tapes are ideal for fine art and DIY end-use.

**Professional Framing Tapes**

Our robust line of framing tapes are safe for mounting artwork, attaching dust covers to back of frames and sticking double mats together.

**School & Library Supply**

Our School & Library Supply product line offers a broad range of tapes that are safe to use on artwork, books and walls. Many of our tapes are user friendly, and ideal for students, teachers & librarians and conform to ASTM 4236.

Several of our tapes are engineered to be non-yellowing, clean removable, pH neutral & acid free. Whether masking, hinging, decorating, adhering, binding books, working on a mural or canvas, framing, or repairing books; Pro Tapes® is well stocked to be the only supplier for ALL your tape essentials.
